

Bookfunnel download instructions

Here are the instructions to download your book ~ after the first time, it's easy peasy. ;)

- When you receive the email from Bookfunnel, click on the link. That will take you to the download page.
- Next, click on the blue *Get My Book* button.
- Now you have options ~ if you want to load directly to the device you're on (iPad, phone, or ereader), choose *More* at the bottom of the list. This will give you the option to download an Epub or Mobi file.
- Choose Mobi for Kindle, Epub for everything else. After you make your choice, your app opens with a link to open the book. Click that and your book will appear!

Bookfunnel has excellent support if you're experiencing issues ~ just hit the *Need Help?* link in the top right corner of the download page.

Enjoy your new read, and thank you so much for supporting me!

cheers,
